
MEETING AGENDA

Carters Creek Watershed Assessment Project Update

May 23, 2013
10:00 AM – 11:30 AM

City of College Station
Carters Creek WWTF Meeting and Training Room
2200 North Forest Parkway
College Station, Texas

The purpose of the meeting is to update watershed stakeholders on water quality monitoring activities being carried out under the “Carters Creek TMDL Implementation” project. An overview of water quality data observations to date will be provided and a discussion of their implications will be led. The current GIS will also be presented illustrating the data it contains and providing an opportunity for inputs. Future activity in the watershed will also be discussed.

MEETING AGENDA

- 10:00 – Opening and Introductions (Lucas Gregory, TWRI)
- 10:05 – Water Quality Findings to Date (Lucas Gregory, TWRI)
- 10:45 – Watershed GIS (Lucas Gregory, TWRI)
- 11:15 – Future Work and Other Discussions (Lucas Gregory, TWRI)
- 11:30 – Adjourn
